

# Kenneth McCabe

Northeastern University, Department of Mathematics, Boston, MA  
mccabe.ke@northeastern.edu kenmccabe.net

## Research Interests

---

Topological data analysis, computational geometry and topology, persistent homology.

## Education

---

**PhD in Mathematics, Northeastern University**, Boston, MA 2024–2029 (expected)

Advisor: José A. Perea

**MA in Mathematics, University at Albany, SUNY**, Albany, NY 2022–2024

Advisor: Michael Lesnick

GPA: 3.94

**BA in Mathematics, University at Albany, SUNY**, Albany, NY 2020–2022

Minor: Music

Dean's List (3 semesters)

## Preprints

---

2. M. Lesnick and **K. McCabe**. *Sparse Approximation of the Subdivision-Rips Bifiltration for Doubling Metrics*. Preprint, 2024. arXiv:2408.16716.
1. M. Lesnick and **K. McCabe**. *Nerve Models of Subdivision Bifiltrations*. Preprint, 2024. arXiv:2406.07679.

## Teaching

---

### Northeastern University (Teaching Assistant)

MATH7234 Optimization & Complexity Spring 2026

MATH7241 Probability 1 Fall 2025

MATH1341 Calculus for Science & Engineering Summer 2025

MATH4571 Advanced Linear Algebra Spring 2025

MATH1231 Calculus for Business & Economics Fall 2024

### University at Albany, SUNY

TA & Tutor, Precalculus, Calculus I & II, Elementary Statistics Fall 2023 – Spring 2024

Grader, AMAT 584: Topological Data Analysis II Spring 2023

## Presentations

---

### Invited Talks

*Nerve Models of the Subdivision-Rips Bifiltration* Mar. 2025  
AMS Spring Southeastern Sectional Meeting, Clemson, SC

*Nerve Models of the Subdivision-Rips Bifiltration* Oct. 2024  
AMS Fall Eastern Sectional Meeting, Albany, NY

## Seminar Talks

<i>The Shape of Data: An Introduction to Persistent Homology</i> NEU Graduate Student Seminar, Boston, MA	Apr. 2026
<i>Sparse Approximation of the Subdivision-Rips Bifiltration for Doubling Metrics</i> Applied Topology in Albany (ATiA) Seminar, Albany, NY	Nov. 2024
<i>Nerve Models of Subdivision Bifiltrations</i> UAlbany Graduate Student Seminar, Albany, NY	Apr. 2024

## Contributed Talks & Posters

<i>Interleavings and Stability of Persistent Homology</i> Summer School on Topological Data Analysis & Geometric Invariant Theory, Montréal, QC	June 2024
<i>Shellability: Connection Between Topology and Combinatorics (poster)</i> UAlbany Showcase Day, Albany, NY	Apr. 2024
<i>Computability of the Subdivision-Rips Bifiltration</i> UAlbany Showcase Day, Albany, NY	Apr. 2023

## Workshops and Conferences

---

Computational Persistence 2025 University at Albany, SUNY, Albany, NY	Oct. 2025
Graduate School on Configuration Spaces Fields Institute, Toronto, ON (online)	July 2025
Computational Persistence 2023 Purdue University, West Lafayette, IN (online)	Sep. 2023
Randomness in Topology and its Applications Institute for Mathematical and Statistical Innovation, Chicago, IL	Mar. 2023
Joint Mathematics Meetings (JMM) Boston, MA	Jan. 2023
Computational Persistence 2022 Purdue University, West Lafayette, IN (online)	Oct. 2022

## Service

---

External Reviewer, <i>ICALP 2026</i>	2026
Referee, <i>Homology, Homotopy, and Applications</i> (1 report)	2025
Member, American Mathematical Society	2023–Present

Last updated: April 3, 2026
